RE: Mausoleum Association

Dear Council Members:

Periodically you are asked by the Board involved with the mausoleum, located in the Butler City Cemetery, to take over the duties and responsibilities of the Board of Trustees. I have reviewed the Articles of Association given to me by Charlie Yates of the Butler Mausoleum Association.

Basically, the Mausoleum Association is set up to maintain the mausoleum, unfortunately there are limitations contained in the Articles which limit the amount of money that can be collected for maintenance. There is supposed to be an endowment fund involved in this which generates enough interest to do maintenance. With the inflation apparently the endowment fund is insufficient to take care of the maintenance of the mausoleum. Further the Articles of Association, to which everyone is bound when they purchase a lot, requires that the Judge of the Circuit Court is to appoint trustees when no one else is available.

I can't find any place in the Articles of Association which gives the Board of Trustees the power or the authority to turn this over to any other entity, such as the City. There exists in such a transfer, a potential for conflict with the heirs of all the people that are buried in the mausoleum. In addition, if it is turned over to the City, the City would then be responsible for the maintenance and upkeep of the entire facility, including the roof structure, and crypts. Also, it is possible that there are some unsold crypts in the mausoleum which the City would have to administer and, of course, the funds of the mausoleum would have to be administered. I don't know where in the bookkeeping areas of the City this would fit. Once, however, the City undertakes to assume these duties and responsibilities, I think the City would be stuck living up to the requirements of the Articles of Association.

I hope this memorandum is helpful to you in deciding how to proceed.
